

Section A – Reading
The Amazing Cheetah

Q1. Read lines 1 to 3 and answer the following.

a) Give a word from the paragraph that means ‘to mix in or become part of something without standing out.’

Ans. blend

b) Add a suitable suffix to the word ‘tall’ –

Ans. taller

c) What physical features make cheetahs look tall and elegant?

Ans. Cheetahs look tall and elegant due to their slender body and long legs.

d) Which of the following statements about cheetahs is correct? Tick two boxes.

i. Cheetahs are the slowest land animals in the world.

ii. **Cheetahs have beautiful fur with black spots all over their body.**

iii. Cheetahs are primarily found in dense forests.

iv. **Cheetahs can run up to 70 miles per hour in short bursts.**

v. Cheetahs are herbivores and mainly eat plants.

e) Underline the verbs and identify the tense in the given sentence.

Which helps them blend into the grasslands where they live. **Present tense**

Q2. Read lines 4 to 7 and answer the following.

a) Identify the parts of speech of the underlined word in the sentence.

Cheetahs are the fastest land animals in the world.

Ans. ☐ verb ☐ preposition ☒ adjective

b) Do you think Cheetahs are the fastest land animals in the world?

Give evidence that proves the same from the text.

Yes ☒ No ☐

Ans. They can run up to 70 miles per hour (112 kilometres per hour) in short bursts.

d) State the Type of Noun of the underlined word:

That's faster than a car on the highway!

Ans. car – Common Noun

Q3. Read lines 8 to 10 and answer the following.

a) What does the 3rd passage indicate about Cheetahs?

a. Diet

☒

b. Habitat

☐

c. Appearance

☐

b) State if the following statement is a fact or an opinion.
Cheetahs are carnivores, which means they eat meat.

Ans. Fact

c) Identify the Types of Sentences and tick the correct answer.

Their incredible speed helps them chase and catch their prey.

Ans. Statement

☐

Command

☐

Question

☐

Q4. Read lines 11 to 16 and answer the following.

a) Circle the collective noun from the given sentence.

Cheetahs live together in a coalition.

b) Do you think cheetahs are facing threats to their survival? Tick one box.

Yes

☒

No

☐

Give reasons from the text to support your answer. (Any 2)

Reason 1 - Habitat loss is causing a decrease in their population.

Reason 2 - Poaching is causing a decrease in their population.

c) Read the passage carefully and write your observation about the Cheetah population.

Ans. The population of cheetahs is decreasing because of habitat loss and poaching. These beautiful animals are in danger, and it is important to protect them and provide safe places where they can live freely.

Section B – Creative Writing

Q.5) Read the above-given facts and complete the fact file.

Fact File

Name / Subject: (Whose fact file is it?)	Cheetah
Habitat: (Where do they live?)	Cheetahs are found in Africa and some parts of Iran. They prefer open grasslands and savannahs, where they can spot their prey easily.

Diet: (What do they eat?)	Cheetahs are carnivores, which means they eat meat. They mainly eat small deer-like animals such as gazelles and impalas.
Description: (What do they look like?)	1. Cheetahs have a slender body and long legs, making them look tall and elegant. 2. They have a beautiful coat with black spots all over their body.
Life Span: (How long do they live?)	Cheetahs usually live for about 10 to 12 years in the wild.
Any other interesting fact:	1. Cheetahs cannot roar like other big cats. 2. They can make a variety of sounds such as purring, hissing, and chirping.
