## 1. Interesting Places in India

**Solution**

India is a beautiful country. Given below are pictures of some beautiful places. Look at the pictures and read the hints to name the places. You may use the Hot Box:

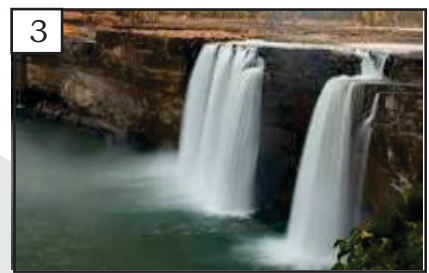

Porcupine Sunset Point

**g**

Feeling of Patriotism

**h**

Niagara falls of India

**a**

Valley of flowers

**b**

Walking on a frozen river

**i**

Largest salt desert

**d**

Camel Safari

**c**

Heaven on Earth

**f**

Havelock Island

**e**

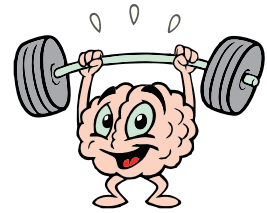

### Hot Box

- |                          |                                |                        |
|--------------------------|--------------------------------|------------------------|
| a) Chitrakoot Waterfalls | b) Chamoli, Uttarakhand        | c) Desert of Jaisalmer |
| d) Great Rann of Kutch   | e) Andaman and Nicobar Islands | f) Kashmir Valley      |
| g) Matheran              | h) Wagah Border                | i) Chadar              |

## 2. Nine Ball

**Solution**

Nine is faster to compute  
if at first you overshoot.  
Here's a very clever tack,  
do 10 times and then subtract

	Do 10x	Subtract 1x
9 x 1	10 x 1 = 10	10 - 1 = 9
9 x 2	10 x 2 = 20	20 - 2 = 18
9 x 3	10 x 3 = 30	30 - 3 = 27
9 x 4	10 x 4 = 40	40 - 4 = 36
9 x 5	10 x 5 = 50	50 - 5 = 45
9 x 6	10 x 6 = 60	60 - 6 = 54
9 x 7	10 x 7 = 70	70 - 7 = 63
9 x 8	10 x 8 = 80	80 - 8 = 72
9 x 9	10 x 9 = 90	90 - 9 = 81
9 x 10	10 x 10 = 100	100 - 10 = 90
9 x 12	10 x 12 = 120	120 - 12 = 108
9 x 34	10 x 34 = 340	340 - 34 = 306

**“Here's a very clever tack,  
do 10 times and  
then subtract!”**
