Text for Section A:

Read the passage and answer the following questions:

Once upon a time in a quiet little town, there lived a girl named Rosy. Rosy loved drawing more than anything else in the world. She spent hours creating colourful masterpieces in her drawing book. One sunny morning, while **rummaging** through her grandfather's **attic** she stumbled upon a dusty old pencil. It looked ordinary, but it had a mysterious gleam.

Rosy decided to try out her new pencil. She picked up a blank sheet of paper and drew a simple house. To her surprise, the house sprang to life! It grew legs and started to dance around her room. Rosy's eyes widened in disbelief.

Amazed by her discovery, Rosy continued to draw with the magical pencil. She drew a rocket ship, and it zoomed around her room, leaving colourful trails. Then, she drew a friendly dinosaur that roared and playfully chased her. Rosy's laughter filled the room.

As the day went on, Rosy's drawings became more adventurous. She drew a flying carpet that took her on a magical journey to far-off lands and a talking animal that shared **fascinating** stories. Rosy was having the time of her life.

When evening arrived, Rosy knew it was time to stop. She placed the magical pencil back in the attic. With a **contented** smile, she climbed into bed, knowing that she could revisit her magical creations another day.
